# LITETOUCH™

## LiteTouch™ Aesthetic Hand Piece

LiteTouch's new Aesthetic Hand Piece is designed to provide dentists with the ability perform aesthetic & cosmetic skin rejuvenation procedures on the peri-oral area. This Aesthetic Hand Piece gently removes useless or damaged skin layers; hence allowing delicate remodeling of upper & lower lip creases caused by soft tissue shortage or aging processes.

Revolutionary Clinical Applications:

- Cosmetic epidermal skin resurfacing for lip crease elimination
- Gingival smile design
- Gum's melanin de-pigmentation
- Herpes removal
